INTRODUCTORY

In presenting our Twenty-Seventh Annual Edition of the City of Windsor Directory which includes the Towns of Riverside, Ojibway and Remington Park, we heartily thank the people in general for the cordial support they have given us.

The Corporation of the City of Windsor now includes the former towns of Walkerville and Sandwich and the City of East Windsor.

Every effort has been made to have this work as complete and up-to-date as possible.

Our estimate of the population of the Border-Cities for 1940 is 118,000.

Choosing a Funeral Director!

A funeral director renders a most intimate and personal service. Consequently it is important that one be selected in whom you can have implicit confidence. You will wish to select a director who has had wide experience; if possible one who is more or less acquainted with your circle of friends. You will want a director whose character and personality are such that you can entrust all details to his care. You will also wish to select a director who has a modern establishment, and whose equipment such as funeral cars, is in perfect condition.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the **Directory** of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1,000.

If there were but **One Subscriber** to the **City Directory—the one subscriber** would of necessity have to absorb **the Whole Cost.**

If there were **100 Subscribers**—each one would have to absorb **1/100th Part of the Whole Cost.**

If there were **1,000 Subscribers**—each one would have to absorb **1/1,000th Part of the Whole Cost.**

From which is it obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each

And

It is also obvious that the **Lesser** the number of subscribers—the **Greater** the cost to each.

Every time you loan your City Directory, the **Less Necessity there is for the Borrower to Subscribe for the Service.**

More Borrowers result in **Fewer Subscribers,** which means **Increased Cost.**
